Abstract. This study analyzes the relationship between transparency and accountability in the public sector, focusing on their impact on governance quality and public trust. It reviews various transparency initiatives and accountability mechanisms, evaluating their effectiveness. The findings provide a comprehensive understanding of how these elements contribute to good governance practices. The article offers practical recommendations for public managers to enhance transparency and accountability, thereby improving governance outcomes and fostering public confidence.

Keywords: Transparency, Accountability, Public Sector, Governance Quality, Public Trust

Introduction

Transparency and accountability are cornerstones of effective public sector governance, crucial for maintaining public trust and improving governance quality. This study explores the relationship between these elements, reviewing various transparency initiatives and accountability mechanisms. By evaluating their effectiveness, the research provides a comprehensive understanding of their contribution to good governance practices. Public managers are offered practical recommendations to enhance transparency and accountability, which are vital for fostering public confidence and improving governance outcomes.
