Abstract. This article explores the effects of secularism on religious education, examining changes in curriculum, teaching methods, and student engagement. By analyzing educational policies and practices in various countries, the study assesses how secularism influences the role of religion in public and private education. The findings highlight the challenges and opportunities presented by secular approaches, offering insights into the future of religious education in a diverse and pluralistic society.

Keywords: Secularism, Religious Education, Curriculum Development, Educational Policy, Pluralism

Introduction

Secularism has significantly influenced the landscape of religious education, prompting changes in how religious subjects are taught and perceived. This article examines the impact of secularism on religious education, focusing on curriculum development, teaching methodologies, and student engagement. The research analyzes educational policies and practices from various countries, highlighting the diverse ways secularism shapes the role of religion in both public and private educational settings. By exploring the challenges and opportunities presented by secular approaches, the study offers insights into the evolving nature of religious education in today's diverse and pluralistic society.
